*We are celebrating our silver anniversary!*

# Message from the COO

*“Our success is a result of our consistency in pursuing our company vision with core values intact. With our unwavering commitment to our people and passion for hospitality, celebrating this breakthrough is also a testament of our resiliency.”*

Al Bustan Centre and Residence is extremely proud to mark its 25th Anniversary, a significant milestone which gives us a sense of accomplishment as we move forward with a stronger purpose and persistence to continuously deliver service excellence and a memorable experience to each of our guests.

Reflecting on the long history, as we pioneered the concept of hotel and shopping mall complex in Dubai, I am incredibly amazed whilst overwhelmed with how far we've come as the last two decades has been challenging but nonetheless a rewarding journey. We have spent years enhancing our brand and we have worked our way to reach the point until our trademark is synonymous to quality and the preferred hotel destination for long-stay and business travellers.

I truly believe our passion for genuine hospitality helped us build a solid business foundation – laid with commitment, innovation in a sustainable approach during these 25 years unceasingly carrying our brand's promise.

I want to take this opportunity to thank everyone from our guests to our dedicated and hardworking team and to all our industry partners who have supported, trusted and believed in us throughout these years. We can never achieve this success without you and we are grateful for your patronage and loyalty.

Looking ahead, I am confident that we will continuously grow and expand as our core values remain the guiding principles for everything we do. We have stayed resilient even in the most unexpected crisis and with the recent pandemic which has impacted the whole world, hitting hard the hospitality and tourism industry. As we lean towards progress and advancement, from economic recovery to stability, we are hopeful that our future is bright and exciting and so we await to host and welcome more tourists and travellers for the years to come.

## Dubai hospitality brand celebrates 25 years of growth

**Samiriyah Bhatta, COO, Al Bustan Centre and Residence, Dubai, who was part of the founding group when the Centre launched operations in 1997, elaborates on why a brand is only as good as the team that drives it**

**It has been 25 years since the service portfolio of the Al Bustan Centre and Residence.** The luxury hotel at a well-known location and the iconic building, Tower 1, was the first to be built. The design and construction of the hotel was a massive project at that time. However, we have been fortunate that the project has had a successful 25th anniversary. For the next 25 years, the Al Bustan Centre and Residence will continue to be a landmark in the city of Dubai. While the hotel has been a successful venture, it has also been a challenge. However, I am confident that the management will continue to lead the Centre towards its growth objectives in the next 25 years. **Al Bustan Centre & Residence management and team united and joined millions of people around the world to speak up for nature**

LIKED IT A LOT

We were in the UAE for the second time, we liked the hotel, we only took breakfast, there was a small kitchen in the room, you could always cook something in a hurry, which is not good, so that the metro is nearby, all the rights could be visited without a taxi, the hotel staff is attentive, the rooms are clean, the pool, although small, but you can relax, because they brought it from the sea at one o'clock in the afternoon, in general, we advise !!!

HOPE IT'S NOT THE LAST TIME!

This was my 8th trip to Dubai (not counting the fact that I also visited hotels in Sharjah 3 times, and in Abu Dhabi 1 time), so there is something to compare with in terms of amenities and level of service. At the same time, I always choose budget hotels on the basis of price / quality. I came to Al Bustan for the second time, and the hotel again pleased with the service and left a very good impression. It is important to understand and accept the specifics...

My room was very comfortable and clean, it came with everything you need including bathrobe, toiletries and a fully stocked kitchen. The food in the restaurant was amazing, there was always plenty of variety and the staff were incredibly helpful. Every evening there was always an additional station with a special food, they had pizza, burgers, shawarma, fish and pasta.
